Monsieur Doisy was a Lieutenant under Napoleon I, serving in the Twenty-sixth Regiment at the battle of Waterloo. His wife was formerly Miss Catherine Elizabeth Hamilton, a reigning beauty of Dublin, Ireland, where the pair were married in 1827. One of their daughters is the wife of Rev. John B. Smith, of Williamsburg, Ohio. A son, A. E. Doisy, lives in Covington, Ky. The families of each of the above were present, and presented their parents with many tokens of affection. Mr. Doisy, Sr., is Vice Consul of Italy at this post.

SPORTING NEWS.
Base-ball.
Cincinnati lovers of base-ball are exultant over the new club, and there is reason for it, for in a hotly-contested game yesterday with the Louisville team they beat that club most beautifully, the score at the end of the ninth inning standing 10 to 1. Their victory is due to superior playing alone. The three thousand spectators were wild with delight at the happy result and the enthusiasm was unbounded. The interest in the game has taken a sudden advance in this locality, and if the Reds will but do as good playing in the future as they did yesterday, the Queen City will again be the center of attraction as regards the National sport and regain the ground which she has lost in the last two years. Here are our compliments to the new syndicate, and may the result yesterday be an earnest of what their friends may expect in the future.
The Club left this morning for Louisville, where they play this afternoon. Here's the score of the 10 to 1 game:

Trotting at Chester Park.
Never in the history of Chester Driv-

ing Park has there ever been such a crowd assembled within its limits as there was yesterday afternoon. It is computed that not less than six thousand spectators witnessed the sport. Of course the celebrated horse Goldsmith Maid was the chief attraction. She was expected to beat her fastest time of 2:4, but owing to the fact that she did not have a suitable companion this was not accomplished. The renowned Bull Doble drove the mare, and was the recipient of quite an ovation. The record of the time in detail made by the Maid is as follows:
First trial—Quarter, 26 seconds; half mile, 1:17; three-quarters, 1:49; mile, 2:25.
Second trial—Quarter, 25 seconds; half mile, 1:07; three-quarters, 1:44; mile, 2:19.
Third trial—Quarter, 25 seconds; half mile, 1:11; three-quarters, 1:47; mile, 2:21.
FIVE-YEAR OLD TROT.
The regular race of the afternoon was for a purse of \$1,000, for horses five years old or under. There were six starters, as follows:
T. J. Meibben's b. m. Belle Curtis, by Curtis' Hambletonian, dam by Boston.
H. C. McDowell's b. f. Romance, by Prince, dam by Roma.
W. H. Wilson's ch. s. Postboy, by Magic, dam by Ned Forrest.
James McDowell's br. m. Martha Hilton, by Country Boy, dam by Mambrino chief.
Geo. F. Keene's roan g. Keene Jim, by Look-out, dam Laura Fair.
L. V. Caldwell's ch. s. Little Wonder, by Blue Bull, dam by Sovereign.
The race consisted of seven heats. Following is the summary:

Time—2:21, 2:20, 2:20, 2:21, 2:20, 2:21, 2:20.
There was also a dash of a mile between two running horses—W. F. Hodgson's sorrel gelding Texas Jack, and Samuel Kidd's brown mare Annie Kidd—for a stake of \$50 a side. Texas Jack won easily, beating his opponent out at least a dozen lengths. The time was 2:02.
The United States Official Postal Guide.
The number for July contains the latest and fullest information respecting the one department of Government which comes home to every citizen in the country irrespective of creed, party, or sex. Not every one who writes a letter needs the Guide, but every business or professional man who has a variety of correspondence sends the Guide a book for his elbow. Here he learns all the rates of postage to every country on the globe, the rules which govern as to weight, size, and class, of mail-matter, the names of all the money-order offices in the country, and a digest of the decisions of the Department upon the vexed questions which constantly arise in the course of dealing with the post-office. The accuracy of the work and its official character render it invaluable to a large class of the community. The Guide is published quarterly by H. O. Houghton & Co., Boston, and is the only one authorized and endorsed by the Post-Office Department. It has a complete list of all the Post-offices in the United States. Price 50 cents a number, \$1.50 a year.
White Whale Expeditions.
From all directions, city and country, parties, large and small, yesterday paid their respects to the white whale at the Lookout House. Morning, afternoon and night found large crowds witnessing the antics of his whalship as he sported about the tank with a genuine Fourth of July freshness. Up to this time he appears healthy and happy, and gives every promise of long life—no more so than did the last one an hour before she passed in her creaks. Better see her soon as you conveniently can, and make sure of it.
A very useful invention has been devised by Mr. J. N. Holmes. It consists of a bomb which can be fired a distance of two miles from the coast or from a ship, and it is so contrived that it will float upon the surface of the water and emit a very powerful light for about an hour. By its use in war the approach of a hostile fleet during the night might be disclosed, and in time of peace it could be employed with advantage in rescuing crews of vessels stranded in the darkness, or in occasionally warning ships approaching too near a dangerous and long-lying coast.
THE GOOD MOTHER-IN-LAW.—What caused that excited crowd on Michigan avenue yesterday? Why, a determined widow returned from the market to find that her daughter had put on her Sunday clothes, been with her lover to a clergyman's, and that the two were a pronounced man and wife. The widow rushed over to the house where they were stopping, chased the son-in-law upstairs, seized him by the collar and as she dangled him over an awning she called out to the crowd below: "Stand clear there—want to knock that lamp-post over with him!" That was all.
There is a one dog in Hartford that can't be fooled very easily. Being of an observant turn of mind, he has noticed that canines who appear on the street nowadays without muzzles are very liable to get into serious trouble, and the other day, when one of the employees in the Adams Express office, where he kept, called him out without his being muzzled, he refused to budge, but went to the wall, where his muzzle hung within his reach, pulled it down, brought it to the door, and would not go out till it had been put on. The dog in question is a cross between a Newfoundland and a St. Bernard.
A ray of light has been thrown upon Washington's knife, if not his hatchet. An old gentleman in Michigan owns this autograph letter: "October 7, 1779. Dear Sir—I have lost and can not tell where, an old and favorite pen-knife, and am much distressed for want of one. If you have any in your stores, please send me one. If you have not, be so good as to secure me one immediately—perhaps Mr. Bailey could furnish me. Oue with two blades I should prefer where choce can be had. I am, dear sir, your most obedient, GEO. WASHINGTON."
Gov. Colquitt, of Georgia, pardoned out of the penitentiary Richard McFarland, sentenced at the April term, 1875, on Chatham Superior Court, for simple larceny, to a term of six years. McFarland was ten years of age when sentenced.

Headache.
As a remedy for headache Pond's Extract is used with much benefit, by bathing the forehead with it and taking ten or fifteen drops internally. It is most useful in headaches of congestive character, attended with a fullness, heaviness and tension in the head, and especially where headaches are attended with or liable to result in nose bleed, the forehead may be bathed or a cloth, wet in the Extract, and taken inwardly, dose as above, repeating in an hour if necessary.

After a thorough personal examination, made in February, 1877, by Hon. W. D. Hill, Superintendent of the State Insurance Department, he stated: "I believe the affairs of this Company to be ECONOMICALLY and JUSTLY managed by men of integrity and good business habits, and the salaries paid to Officers are surprisingly low. I could only account for their getting men on such terms by supposing that all were Stockholders of the Company."
"I made examination on behalf of the Pennsylvania Department of the calculation, valuations and methods pursued by the Union Central Life Insurance Company, and was satisfied that the values were made correctly, and that the method adopted in the examination were such as would show the exact condition of the Company."
